Purpose of Site Staff Training:

Training program focusing on one or more of the following topics:

1. Health, Safety and Environment.
2. Production of visual documentation through videos and photography.
3. Advanced Materials for Construction and Repair of Concrete.
4. Construction Quality on Site.
5. Construction Supervision Skills.
6. Electrical Works.
7. Mechanical Works.
8. Issues Related to Work Shop Drawings, As Built Drawings, Approvals and Similar.
9. Utilities and Infrastructure.
10. Municipalities Regulations.
11. Construction Ethics.

May 17, 2021 Training Material:

Discussing how to visually represent work progress through “Before-and-After” photos and short videos, which are perfect for giving a review of the project and keep the Employer and the Funding Agency up to date with what is going on. Aside from giving information, the videos can also provide a chance to introduce site staff to stakeholders.
